

AFTER GENOCIDE

Transitional Justice, Post-Conflict Reconstruction & Reconciliation in Rwanda and Beyond
Phil Clark and Zachary D. Kaufman, editors

In *After Genocide*, published by Columbia University Press and C. Hurst & Co., leading scholars and practitioners analyse the political, legal and regional impact of events in post-genocide Rwanda within the broader themes of transitional justice, reconstruction and reconciliation. Given the forthcoming fifteenth anniversary of the Rwandan genocide, and continued mass violence in Africa, especially in Darfur, the Democratic Republic of Congo (DRC) and northern Uganda, this volume is unquestionably of continuing relevance.

The book includes chapters from leading scholars in this field, including William Schabas, René Lemarchand, Linda Melvern, Kalypso Nicolaidis and Jennifer Welsh, along with senior government and non-government officials involved in matters related to Rwanda and transitional justice, including Hassan Bubacar Jallow (Prosecutor of the International Criminal Tribunal for Rwanda), Martin Ngoga (Prosecutor General of the Republic of Rwanda) and Luis Moreno Ocampo (Prosecutor of the International Criminal Court). The book also contains an unprecedented debate between Rwandan President Paul Kagame and René Lemarchand on post-genocide memory and governance in Rwanda.

Because Rwandan voices have rarely been heard internationally in the aftermath of the genocide, this anthology incorporates chapters from Rwandan academics and practitioners, such as Tom Ndahiro, Solomon Nsabiyeera Gasana and Jean Baptiste Kayigamba—all of whom are also survivors of the 1994 genocide—and draws on their personal experiences. *After Genocide* constitutes the most comprehensive survey to date of issues related to post-genocide Rwanda and transitional justice.

'This book should be labelled "for the mature individual only". But for that mature individual it is of extreme interest. It shows, far from any Manichean stereotyping, the many facets of having to try to live in an impossibly complex social and human situation. Highly recommended.'
